Sale of the Stars
AT THE
ROYAL WINTER FAIR

THURSDAY NOV. 20

friday nov. 21

Wednesday Nov. 19

Foreword

"Agriculture is the most healthful, the most useful and the most noble employment of man — the creation, development and perpetuation of beautiful and practical forms of animal life is the particular branch of agriculture calling for the exercise of the highest order of human intellect and skills."

—GEORGE WASHINGTON.

The above paragraph emphasizes in the clearest manner known, the leading reasons why purebred cattle breeders the world over strive always to achieve an ever higher goal by breeding the best better, in the hope of ultimately attaining perfection.

Near-perfect as a few of the best specimens of our present day breeds may be, there is much skill to be employed, and much real pleasure and profit to be derived from the employment of that skill, in the breeding and continual improvement of the best individuals in our leading breed.

To this high ideal, the Sale of Stars has given and will continue to give, a stimulating service to the livestock industry of America and elsewhere, for it is the medium through which animals of the choicest type, breeding and utility have been assembled under the master hands of those creative men and women, who have the foresight, the initiative, the skill and the means to further develop our present day "Stars" to an ever higher stage of breed perfection.

Notice

The Royal Agricultural Winter Fair regulations require that the cattle shown be on the premises from November 14th to 22nd and Sale of Stars entries cannot therefore be released until Saturday, November 22nd, midnight. Proper care will be taken of these animals by the consignors until release on that date.

Lot numbers in the catalogue are allotted in alphabetical order of consignors and a complete index appears at the end of each section.

Insurance effective immediately, may be secured through the Sale of Stars office on enquiry.

TERMS AND CONDITIONS

TERMS—The terms are cash or cheque — all payments must be made to the Clerk of the Sale, and no release will be given until satisfactory settlement has been made.

BIDS—The highest bidder will be the buyer. In case of dispute, the animal will again be put up for advance bids between the contending parties, and if there be no advance bid, the buyer will be the party from whom the auctioneer accepted the last bid.

RISK—All animals are at purchaser's risk as soon as sold, but will be cared for free of charge until released by the Royal Winter Fair.

ERRORS—If typographical or other errors are noted in the catalogue, announcement of corrections will be made from the Auction Stand, and such announcements will take precedence over the matter in the catalogue.

PEDIGREES—All animals sold are, or will be registered in the Herd Book of the Breed Association of Canada. Transferred registry certificates will be forwarded to the purchaser of each animal.

HEALTH—All animals are from Fully Accredited T.B. Free Herds, or will have passed a Negative T.B. test within thirty days of the sale. All animals will have passed a Negative blood test for Brucellosis within 30 days of sale, or otherwise conform to health requirements as approved by the Dominion Health of Animals Branch for the Royal Winter Fair.

SHIPMENTS—All possible aid will be given in making shipment after the sale. Any expenses incident thereto are at cost of the purchaser. Purchasers are requested to furnish shipping instructions and correct address at time of making settlement.

WARRANTIES—(1) Each consignor guarantees right and title to property. (2) Unless otherwise noted in the catalogue or announced from the Auction Stand, each animal is sold as sound. (3) Each animal is sold as a breeder subject to the following conditions:

A. Males—Should any bull, after having reached the age of 15 months, fail to prove a breeder after being used for four months on cows known to be breeders, the matter shall be reported in writing to the consignor who will then have the privilege of four months on his own premises to prove the bull a breeder, before refunding the full purchase price or make other settlement satisfactory to the buyer.

B. Females—Any female, pregnant when sold, or that calved normally within 90 days of the Sale will be considered a breeder. Bred females are sold as "pregnant" to the best of the consignor's knowledge, and the result of the pregnancy examinations will be announced from the stand. However, consignor does not guarantee that a pregnant female will deliver a live calf. Any female not pregnant when sold or that on having reached the age of 18 months should fail to conceive after having been bred regularly for four months to a bull known to be a breeder, and treated by a competent veterinarian, should be reported in writing to the consignor. The consignor will then be granted the privilege of a further period of four months to prove the female a breeder on his own premises before refunding the purchase price as full adjustment or make other settlement satisfactory to the purchaser.

(4) The consignor is not responsible for damage caused by foreign bodies after the animal is sold, inclusive of mummified calves, nor for sickness not apparent at saletime.

(5) All transportation charges on animals returned to the consignors are for account of the purchaser. No incidental expenses such as feed, care, veterinary charges, etc., will be charged by either party when making settlement.

ACCIDENTS—The Royal Winter Fair, Auctioneers, Sale Managers or Owners, will in no way be responsible for the condition of the grounds or the behaviour of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY—It is clearly understood that the Sale Management is acting only as intermediary between buyer and seller and is not responsible for any failure by either party to live up to their obligations. Any legal action that may in extreme cases have to be taken must be between buyer and seller and will in no way involve the Sale Management. In every case, however, the influence of the Sale Management will be exerted so far as possible to hold both parties strictly to these Terms and Conditions of Sale. The Sale Management in mutual agreement with the Breed Association will decide any point not covered by these regulations.

Every person who contributes any animal to the Sale and every one who bids at the Sale, by so doing agrees and endorses the foregoing terms and conditions.

BY-BIDDING IS STRICTLY FORBIDDEN—Any contravention of this rule will bar the consignor from participating in future Sales.

BENDMERE OF OLD HERMITAGE—This young bull offers new blood lines in Canada. Note that he traces five times to Eileenmere 487th, a bull that has been known in the United States as "The Wonder Bull", and a bull that has been a tremendous influence on the Angus breed on this continent in the past fifteen years. Homeplace Eileenmere 687th is the great bull heading the Sugar Loaf Farms herd in Virginia, and Homeplace Eileenmere 511th heads the noted Creswell herd in Virginia. Both these bulls have been high-priced bulls and they each are breeding very successfully. Bendmere and Homeplace Eileenmere 242nd are both in service in the Riverbend Farm herd at Benalto, Alta. Pardolier 8th was a full brother to an International Grand Champion female and Northlane Blackcap Bard 4th was one of the best Angus sires ever in service in Western Canada. The dam of this bull, Georgina MCB. 14th, is an outstanding individual. This young bull has much to recommend him.

We doubt if there will ever be offered in sale catalogues a pedigree that is any closer to the foundation Blackcap Bessie female than we have in this pedigree. It is a strain that produces exceedingly well wherever it is found. The dam of this heifer, Blackcap Bessie of Anoka 2nd, is a full sister to Blackcap Bessie of Anoka 5th, the granddam of the noted Anokamere 50th, the bull that was Supreme Champion at the 1957 Royal and the 1958 C.N.E. for Mr. T. Alex. Edwards of Arva, Ont. Note too that the dam of this heifer is line-bred to Blackbird Bandolier of Page, being a double-bred granddaughter. Faultless Pass sired five 1st prize winners at the International, including a Grand Champion Female and a Junior Champion Bull. On the sire's side of this female we have Bandolier of Anoka W2nd, a bull that won his class at the Toronto Royal, and then Bandolier of Anoka 78th, a bull that was twice Grand Champion at the Toronto C.N.E. and a Reserve Grand Champion winner at the Royal. This is a powerful pedigree. Officially vaccinated. Will be bred to: Bandolier of Hillcrest W 2nd 159612.

CREDITDALE BLACKBIRD 4TH—1st summer Yearling, Junior & Res. Grand Champion at Milton, 2nd Summer Yearling at the Orangeville Regional Show, 1958. This is a stylish heifer with a lot of size and quality. The sire is doing a great job at Creditdale, and combines the highly desirable Bandolier-Eileenmere cross, with the daughters of Eileenmere 1032nd, International Grand Champion, becoming more popular every day. It is interesting to note that the fourth dam — Blackbird Henderson 9th, is from a maternal sister to the great Edwards bull — the immortal Blackbird Bandolier of Page. This heifer sells served on October 14th to Eileenmere of Bolehill 16th, the Reserve Junior Champion of the 1958 Canadian National Exhibition, and Junior Champion at the Western Fair, London. This should prove a very interesting mating.

Heathman of Don Head was sired by Bandolier of Anoka 6th and he was a Grand Champion bull at Chicago. Kinlochmere 99th is one of the outstanding beef bulls in Canada. This heifer is from Mr. Schenk's show herd and was 1st prize summer yearling this Fall at Stratford, Galt and Paris. The Grand Champion Female at last year's Royal was sired by Tolan's Bandolier, and the Reserve Grand Champion Female at this year's C.N.E. was by Tolan's Bandolier. The Grand Champion Steer, the Reserve Grand Champion Steer, and the Champion Group of Three Steers at this year's C.N.E., were all sired by Tolan's Bandolier. The daughters of Tolan's Bandolier were well received in auction sales held in Ontario and U.S. this past Fall, with a top of \$3,700, being reached on an open heifer. This heifer Ectessa of Windfields 3rd, is from the show herd and was 6th prize Summer Yearling in a strong class at this year's C.N.E. She has improved greatly since then. The dam of this heifer, Kinloch Ectessa 2nd, is Jim Mowbra's pick of the entire Windfields cow herd. She is definitely an outstanding individual with extra size, thickness, depth and bone.

WILMO KINDNESS 2ND—This heifer is from the same dam as one of the top priced females in the Ontario Association Sale in October. This female is also of a family that has done exceedingly well in Canadian Angus history. The sire, Black Prince of Woodslea 28.h, is one of the best sons of Hideaway Black Prince, a bull imported to Ontario by Woodslea Farm at Woodbridge, Ontario, and a bull that has made a very important contribution to the Ontario Angus business in the past ten years. The sire of this heifer, is of the same family as the famous Blackbird Bandolier of Page. In fact, the third dam, Blackcap Harrison 6th, was the dam of Blackbird Bandolier of Page. The dam is sired by Ankonian 3295th, a bull imported to Ontario by Albert Seiling and Dr. Haigmeier from Ankony Farm. He is doing an exceedingly good breeding job for both these herds and the Junior Champion and Reserve Grand Champion bull at the '58 C.N.E. was sired by the 3295th. There are three International Grand Champion Evlins in his pedigree. The 2nd dam in this pedigree is double-bred to the tops in Bandolier sires. Officially vaccinated. Open.

Blackcap of Sinkola 4th - 2nd prize 2-year-old at the Canadian National Exhibition, 1958. Alex Edwards has always been a consignor to the Sales of Stars, however, following so closely on his own record breaking Annual Sale, he has never been more hard-pressed to find a top candidate to keep his continual consignor record intact. This entry comes strictly from the elite band of females meant to remain as brood cows at Anoka, therefore little more need be said. She sells Safe in Calf to service of Prospectmere 50th, the Grand Champion herd-sire whose Junior "Gets" are already knocking at the winner's door in open "Get" classes. He also sired the Junior Champion Bull at the Futurity in Kentucky. There would hardly seem to be a more opportune time to buy the service of this exceptional breeding and show bull bred to a really choice brood prospect.
